Warminster, PA; May 8, 2023

Signature Systems, Inc. (SSI), an acclaimed technology solutions provider that excels in point-of-sale solutions for F&B and retail entities of all concepts and sizes, is proud to announce that Cordish Gaming Group, a division of The Cordish Companies, has successfully harnessed the power of SSI for its industry-acclaimed Live! Casinos & Hotels. The holistic solution for enhanced functionality is comprised of the multi-award-winning PDQ POS management system, including restaurant-rugged mobile tablets and enterprise-based analytical reporting, and value-added integrations to numerous third-party platforms such as Aristocrat Oasis Loyalty, Casino Cash Trac, Infor HMS, and Restaurant 365.

SSI's all-in-one suite of innovative products and renowned services will allow Cordish Gaming to measurably enhance their F&B operations and meaningfully elevate the guest experience through industry-leading, agile-practice methodology.

SSI was also willing and able to run its multi-award-winning software on Cordish's existing hardware, which resulted in a significant cost-savings vs. other providers that automatically require a hardware lock-in.

"For us, the difference was clear... SSI's eagerness and ability to create a custom solution spoke volumes about their attitude and culture," said Frank Bonini, SVP/CIO for Cordish Gaming Group. "Overall," adds Bonini, "we're vastly improving the underlying integration and support process by having a single-stop partner who is nimble, responsive, and attentive to our diverse needs."
